COL. JESSE HARPER, THE GREENBACK AND LABOR ORATOR.

Addressed a Large Audience at the Skating Rink Yesterday.

GREENBACKISM.

Col. Jesse Harper, of Danville, Ill., the orator of the national Greenback and Labor party, addressed quite a large audience at the skating rink in this city yesterday afternoon and evening. He is a man well advanced in years, a good talker and a ready thinker. He claims to have been an old and rather intimate friend of the late Garfield, and spoke of him in very kind terms. His speech was about such an one as could reasonably be expected from a Greenback orator, and does not need extended notice at this time. He claimed the Republican and Democratic parties on about the same footing, and denounced them as wanting in principle, etc., and claimed that the Greenback party was an organization naturally brought into existence by the demands for a better and purer administration of public affairs. He looked upon the president of the United States and the congress as the paid servants of the people, and they should in no case be considered the head of the government. The people were the sovereign power in this country, and not the paid clerks at Washington. His remarks were closely followed by his hearers, and he felt like an able man, though somewhat off politically, and will no doubt influence a large number of votes, among certain classes, to Butler.

A FRUIT DISPLAY.

A number of Wichita's most enterprising business men, being anxious that the balance of the state should realize something of the wonderful fruit product of Sedgewick county, have entrusted Capt. M. R. Mosier the responsibility of making a fruit display at the state fair in the name of the Sedgewick County Horticultural Society. The funds have been provided for the necessary expenses and Capt. M. has entered heartily upon the work. No doubt other displays will be made but this is the only one to be of such proportions as will warrant a transfer of the fruit from the state fair to the Great Exposition at Cincinnati, where our corn and wheat, and where the people who know already something about the corn crops of Sedgewick county, can see also that in the matter of fruits we are even greater if that were possible. Mr. Mosier is already at work and every movement is rewarded with success. But he earnestly desires, as do the business men who wish to see the matter go triumphantly through, that every fruit raiser in Sedgewick county should contribute to this show. There are several days remaining in which to contribute, and all fruit should be carefully wrapped with paper, each specimen separately. All fruit left at this office will be taken care of and delivered to Mr. Mosier. Remember this is a special display to be made in the name of the county society with all expenses already provided for. Saturday, September 6th, we believe, is the last day on which the fruit can be delivered. Don't forget this matter, you that have fine crops of fruit, for this will be "bread cast upon the waters" again.

NEW LIFE FOR WOMEN.

'Tis generally believed that women are more subject to disease than men; such is not the case; but from the modes and customs that Hyatt Fashion has imposed on her, and her disregard to the laws of health, today not one in ten is in perfect health. This would be fearful were it not a fact that Dr. L. Turner's New Life for women is a sure and certain cure for all diseases and derangements peculiar to them. It cures whites, ulceration of the womb, hysteria, green sickness, constipation, headache, smothering, drawing down pains in the stomach, bowels, limbs and back. It is a mild yet perfect uterine regulator, in painful, irregular, obstructed, suppurating, profuse menstruation, in establishing regular nature in delicate young girls, also in change of life, aiding digestion, removing barrenness and sterility, and all derangements and diseases of women.

Prepared only by Dr. L. Turner, who makes a special practice of diseases of women, at St. Louis, Mo. Price, \$3.00 per package. Sold by Swentzell & Douglas druggists, opposite P. O., Wichita, Kan.

"THE MOUNTAIN PINK."

A very fair audience greeted Wattle's Union Square company at the opera house last evening, and the majority of those present were greatly pleased with the rendition of that beautiful and romantic drama, "The Mountain Pink." Miss Nelson appeared in the title role, and her personation of the beautiful and fearless mountain girl was very true to life, and the grace, spirit and abandon that she lends to that character is such that she could be desired and won for her hearty approval of the audience. Her support throughout is generally good, and far above the average of traveling companies. The play is a light comedy, introducing a number of comic characters, and is replete with pleasant surprises and startling situations, the great interest of the plot centering in the "Mountain Pink." The parts assumed by Messrs. Carter, E. K. Shepard and others were well taken, and the happy denouement sent every one home in the best of spirits. One very acceptable feature of the entertainment was the excellent music furnished by the orchestra. This afternoon the company will play at the matinee "Widow Bolon," and to night "My Partner." The entertainment should not fail to be present.

TWO THOUSAND SIOUX INDIANS DECLARED TO BE IN A CONDITION OF STARVATION.

A HORRIBLE AFFAIR.

DENVER, Aug. 29.—A New York special says: The burning of a circus car nine miles north of Greeley early this morning was attended with indescribable horrors. The burned car was next to the engine in a train of seventeen cars, containing Orton's circus men, and a large number of Sioux Indians. The fire broke out at midnight, and spread rapidly. The train was near Windsor, small town near Greeley, and running about twenty-five miles an hour, when Engineer Colliester discovered the car to be on fire, and reversed the engine. The fire was very fierce, and the car was soon a mass of flames. The circus men and the Sioux Indians were in the car, and many of them were killed. The fire spread to the engine, and the train was stopped. The circus men and the Sioux Indians were in the car, and many of them were killed. The fire spread to the engine, and the train was stopped. The circus men and the Sioux Indians were in the car, and many of them were killed.

—About the only business transacted in Greeley yesterday, was the sale of a large number of horses, after being found guilty, at once to leave the city. The released the culprit.
—Rufus C. Woodbridge is now considering the danger of the attending physician, and his wounds are healing nicely. Unless some unforeseen accident happens he will be strong enough to return to Georgia in about two weeks.
—Mr. Stephen Martin, of Chillicothe, Ill., arrived in this city yesterday, looking for his extensive real estate interests in this and summer counties. He visited Wichita about one year ago, but hardly recognized the place on his return, as we have grown so.

Follock & Pearce yesterday purchased a large number of horses from a farmer living a few miles east of this city. There were several dozen of them, and they averaged from fifteen to six hundred pounds each. The four-year-old was a fine specimen of the breed.
—Master Clyde, the four-year-old son of W. C. Whittecarver, will set out alone next week to travel to Muscatine, Iowa. This seems a pretty long journey for a little boy like Clyde to undertake alone, but then, Kansas boys like Kansas practice, and Master Clyde is no exception. He will be accompanied by a few friends, and will be well taken care of.

—Col. T. M. Crocker, of Mount Clemens, Michigan, arrived in the city yesterday on legal business. Mr. Crocker visited this place about two years ago, and now says he is going to make it his permanent place, owing to its rapid growth. In speaking of the political situation, Mr. C., who is, by the way, an old and staunch Democrat, thinks that the chances are about evenly divided between Blaine and Cleveland, but he is in hope that this will give the electoral vote of Michigan to Cleveland, but he is not very anxious. He says that this part of Kansas gets away with anything. He has seen this season in the way of crops.
